You will be impressed with what this 3 bedroom brick home has to offer.

Walking into this brick home, the size of the carpeted lounge room is impressive, but then walking through to the adjoining air conditioned renovated kitchen and dining room, you can't help but picturing yourself living here. The kitchen has ample storage space, bench space as well as a near new upright oven/cooktop as well as a dishwasher. Downstairs, you will find the second living room (or if you wanted to, this could also be a fourth bedroom) and the 3 built in bedrooms upstairs are all carpeted. The main bathroom features separate bathtub and the shower recess has been thoughtfully designed with a high fixed shower head and also a handheld shower rose to make washing
